Ms Elma Hunter

Standford - A Green Village

Per email: elmahunter@gmail.com

Dear Elma Hunter

It is a great pleasure to have your organisation join me at the one year anniversary celebration of 110% Green on 4 June 2013, with a firm commitment to contribute to a better and greener future in the Western Cape.

I am most appreciative of your willingness to step forward with a flagship project that will take us a step further towards building an economy that connects the well-being of our environment with the growth of our economy. We cannot do this alone and we cannot do this without leadership and without more than the usual commitment. That is why you are with us today – to do it better together. But importantly, we need to underpin this with practical and positive action. 110% GREEN asks that you bring 110% commitment and that you aim, at the very least, for a 10% impact that is both green and economically beneficial.

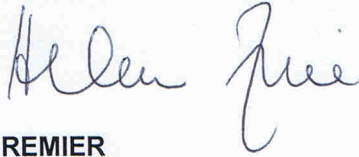

The more people and organisations that join this initiative, the closer we will get to realising our goal. On June 4, you will join a growing, dynamic network of like-minded organisations. This is the start of an journey where we will remain connected, reporting our impact, sharing our experiences and continually drawing in many more to join 110% GREEN.

Importantly, 110% GREEN is not an endorsement of your project by the Western Cape Government. Each flagship project is an expression of co-responsibility by participants to contribute to building the green economy. Equally, as you make your commitment, the Western Cape Government will likewise commit to specific projects and actions.

Thank you for joining me.
